BIBLE READING

citylife.church/biblereading

For many people, the word "renaissance" brings to mind the revival of art, literature and learning that took place back in the 15th century. The word actually means a rebirth, a revival, or a renewal of life, vigour and interest. As we take time to study the book of Acts this year, that's what we're believing for - a Holy Spirit renaissance. May each one of us see things in new ways and be ignited with fresh passion for the mission God has given us!
